CPA Alberta is always looking for opportunities to help students make informed decisions about their career pathways. If you are hosting a career/post-secondary fair at your school this academic year, we'd love to attend.

### **CPA Canada Financial Literacy Workshops**

Using interactive activities, relatable case studies and structured lesson plans, CPA Canada's in-school financial literacy workshops teach and motivate high school students to make smart financial decisions. The workshops are taught by local CPA's and were developed using extensive input from teachers. Choose from: Budgeting and saving, Credit cards (bad debt vs. good debt), Earning income, and Goal setting.
