About the Award

Awarded annually and presented by the CPA Education Foundation, the Impact Award honours an individual for his/her contributions to the work and goals of the Foundation.

About the Foundation

The CPA Education Foundation (Foundation) was established as the profession's non-profit foundation for supporting business and accounting education across the province. Through the contributions of every designated accountant, and additional donations, the Foundation is able to provide:

- funding awards to post-secondary institutions;
- PhD support funding to qualified individuals interested in accounting research and pursuing their PhD;
- teaching prizes to exceptional university educators;
- annual scholarships, awards and bursaries to business/accounting students at post-secondary institutions in Alberta and the University of Saskatchewan, high schools and the CPA Western School of Business; and
- funding for special projects that advance accounting education and raise the profile of the profession.

The Foundation exists to promote the excellence of the CPA brand through support of business and accounting education throughout the province. Because of its demonstrable contributions to business education in Alberta, the Foundation is highly respected by members, post-secondary institutions and donors.
