X leads by example, investing significant time to learn about DEI issues which may be impacting staff; taking the time to learn and reflect on injustices of the past; actioning ideas and plans on what can be done to prevent future injustices; and sponsoring events to hear from firm leaders and employees on what can be done to create a more inclusive environment.

X has served on the board of the ABC Society of Alberta and Northwest Territories since 2015.

As president of the ABC Society of Alberta and Northwest Territories, X led the Board in navigating the impacts of the pandemic, overseeing the financial sustainability of the society during that uncertain time, and transitioning to new executive leadership for the organization.

Under X's leadership, the society weathered the COVID storm despite the loss of significant fundraising revenues and is well-positioned financially to continue to serve its clients and other stakeholders.
