

CPA Alberta Education Foundation Board of Governors

Duties/Responsibilities

The CPA Education Foundation has two fundamental purposes. The first is to help grow the CPA profession in Alberta by supporting accounting and business education and encouraging qualified individuals to pursue careers in accounting, and the second is to represent the expertise and integrity of the profession in the community. The Foundation is incorporated under the *Societies Act (Alberta)* and is a registered charity under the *Income Tax Act (Canada)*. The board holds ultimate responsibility in meeting the Foundation's requirements under these Acts.

Location

Alberta

Time Commitment

Approximately 50 hours per year (officers may be 70-80 hours per year).

Three year term.

Requirements

The Foundation acknowledges the value of diverse perspectives on board, and strives for a board that reflects the full range of Alberta CPAs. This wide range of voices and experience is particularly important for the Foundation as it works to support business education for students from varied backgrounds. As such, we are encouraging applications from members of groups who have been historically underrepresented.

Although all nominations are encouraged, the Foundation has identified several key competencies that would strengthen and better balance the competencies of the CPA Education Foundation Board:

- governance expertise;
- investment experience; and
- fundraising/donor relations expertise.
